

Land Use Permit Forum

WEDNESDAY, JUNE 3, 2026

An interactive Land Use Forum will highlight the work of the LB663/Land Use Committee in developing accessible data tools and best practices to support Nebraska counties in making informed permitting decisions.

Guided by expert-led sessions on livestock, energy, and broadband infrastructure, the discussion will also gather feedback from county board members to inform the development of a Land Use toolkit. Special guest Senator Clouse will be joining the forum.
