Cybersecurity for Government Leaders + Nebraska Association of County Officials Webinar

In 2021, the National Cybersecurity Center (NCC) launched Cyber for State Leaders (featured in [Governing](#)), a cyber hygiene training for state leaders. The NCC offered briefings in all 50 states and trained 1,342 state leaders as a part of the program. While reaching out to only state leaders, we were bombarded with requests from government leaders at the local level and their staff to join the training as well.

Looking towards the 2023 training program, we wanted to expand the training to be more inclusive of all government leaders and their staff.

Cybersecurity for Government Leaders was born.

Cybersecurity for Government Leaders will include nonpartisan trainings intended to prepare government leaders and staff to be vigilant against cyber threats by offering to educate on the ecosystem of cybersecurity, common types of cyberattacks and best practices on how to protect individuals against cyber threats.

Customer Comments:

Our office has purchased from Eakes Office Solutions for many years and will continue to do so. This locally owned business has excellent sales representatives that truly care about their customer and service after the sale. There is no one comparable to our supplies specialist's sincerity she has for her clients. She is extremely dedicated to ensure we get the best product for the best price while meeting the needs of our office. ~ Hall County Attorney

Eakes is an excellent partner with Mary Lanning Healthcare providing the latest technology in multi-function devices, fax server software, and follow-me secure printing. Eakes has helped us create a secure faxing and printing solution to meet the ever-changing needs in a healthcare environment. Their support for both the devices and software is stellar. I would recommend Eakes as the vendor of choice for all your printing, copying, scanning and faxing needs. ~ Mary Lanning Healthcare, Hastings
