

The Ninety-Three

11.21.2022

Upcoming Webinar with Kidwell and NACO on December 8th

You are invited to join Kidwell and Verkada for our upcoming webinar on Dec. 8th at 11 AM CT, discussing how the Verkada platform is helping counties in Nebraska modernize their approach to physical security.

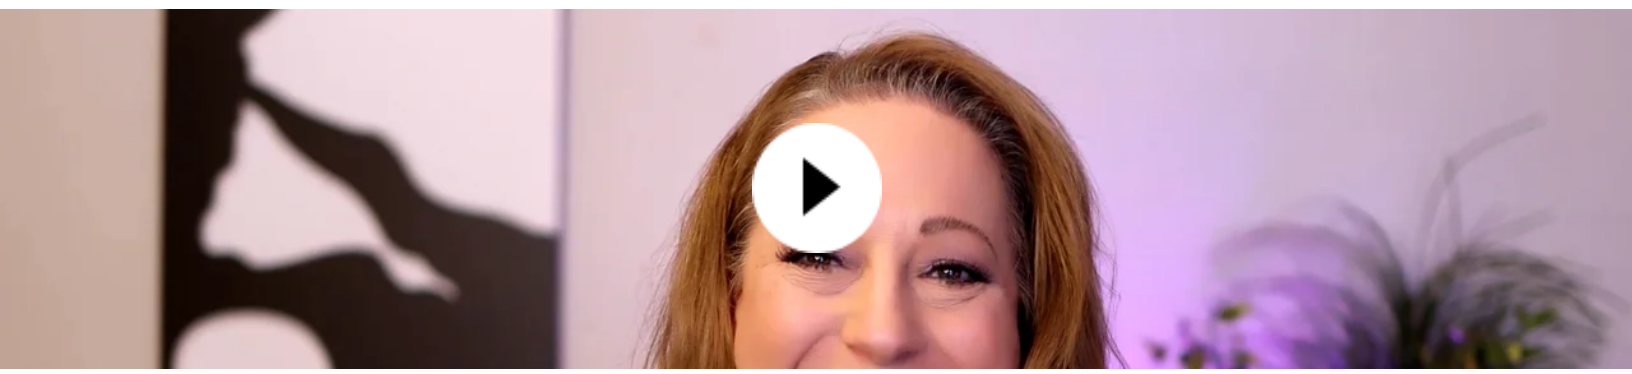

Typically, counties are faced with challenges around scaling out a security solution across several different locations, and standardizing that solution across the county. Verkada makes it easy and seamless to manage multiple locations, get notifications in real time, and address situations swiftly and efficiently, no matter where you are.

We will be covering the full platform at a high level which includes cameras, door access control, environmental sensors, alarms, visitor management, and mailroom all under a single pane of glass.

Attendees will receive a free Verkada Branded Yeti mug. Click here to [Register Here](#) and let us know if you would like to set up a customized personal demo instead.

128th NACO Annual Conference Online Registration is Closing Soon "Serving up a Bright Future"

Online Registration closes November 25th, 2022 [Register Here](#)

FCC Released New Broadband Map on Friday

On November 18, the Federal Communications Commission (FCC) will release the first draft of its new National Broadband Map, a comprehensive, location-by-location view of high-speed Internet availability across the nation. The map is a more detailed and precise reflection of the availability of fixed and mobile broadband services in all 3,069 counties, parishes and boroughs.
