

FlexAccess™

Specialty Copay Solution

FlexAccess delivers a member-centric experience with greater savings opportunity and expanded pharmacy options.

The FlexAccess™ drug list includes over 490 drugs. These drugs represent over 91% of Specialty drug spend across our commercial book of business. It spans across 30 high-cost therapeutic classes (e.g., autoimmune, oral self-administered, oncology) and includes the top 20 drugs by utilization and spend. This drug list is updated regularly and is subject to change. Option to exclude Oncology and/or HIV as needed.

**OPPORTUNITIES
TO SAVE UP TO**

\$10 PMPM²

**COPAYS AS
LOW AS \$0**

→ Program details

- Member copays of \$0-\$35, which count toward accumulators¹
- More specialty and retail pharmacy options - provides more flexibility and lower costs
- Promotes an easy member enrollment with proactive outreach
- Automated savings opportunities – no coupon or separate card needed

→ How FlexAccess Works

It's completely automated, so members don't need to search or bring coupons to the pharmacy. FlexAccess unlocks access to more savings for members on medications that are not available at designated specialty pharmacies.

FlexAccess offers low copays and gives members access to more specialty and retail pharmacies helping you lower health care costs, increase access to medications and improve member experience.

→ QUESTIONS?

To learn more about FlexAccess, contact a member of your account service team.

¹ If your state has an anti-accumulator law, Prime will work with you on an alternative design.
