## Upcoming Webinar with Kidwell and NACo on December 8th

You are invited to join Kidwell and Verkada for our upcoming webinar on Dec. 8th at 11 AM CT, discussing how the Verkada platform is helping counties in Nebraska modernize their approach to physical security.

Typically, counties are faced with challenges around scaling out a security solution across several different locations, and standardizing that solution across the county. Verkada makes it easy and seamless to manage multiple locations, get notifications in real time, and address situations swiftly and efficiently, no matter where you are.

We will be covering the full platform at a high level which includes cameras, door access control, environmental sensors, alarms, visitor management, and mailroom all under a single pane of glass.

Attendees will receive a free Verkada Branded Yeti mug. Click here to [Register Here](#) and let us know if you would like to set up a customized personal demo instead.

## Registration is Now Open for 2023 Orientations

County Clerk Orientation January 12-13, 2022 Holiday Inn Kearney

County Treasurer Orientation January 12-13, 2022 Holiday Inn Kearney

Bring Proof of Insurance.

Or you can pay \$175 up front for vaccine.

## FCC Broadband Map Challenge Process Has Started

On November 18, the Federal Communications Commission (FCC) will release the first draft of its new National Broadband Map, a comprehensive, location-by-location view of high-speed Internet availability across the nation. The map is a more detailed and precise reflection of the availability of fixed and mobile broadband services in all 3,069 counties, parishes and boroughs.

## Help Improve Nebraska's Broadband Network!

### We need your help!

The Federal Communications Commission is allowing residents to challenge the national broadband map. In other words, does the federal data reflect broadband service in Nebraska communities?

### Here's how you can help!

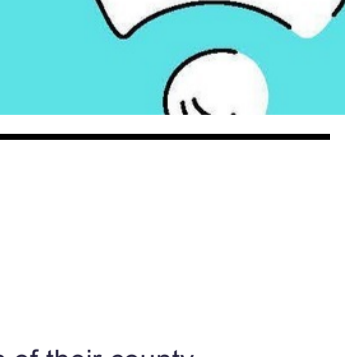

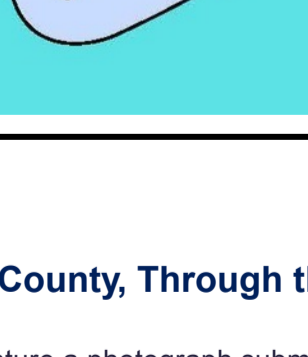

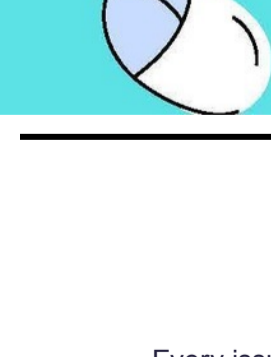

**Step 1:** Go to <https://broadbandmap.fcc.gov/home>

**Step 2:** Enter your address (or an address that may not be served by broadband).

**Step 3:** If necessary, zoom in so you no longer see hexagons, only dots of locations.

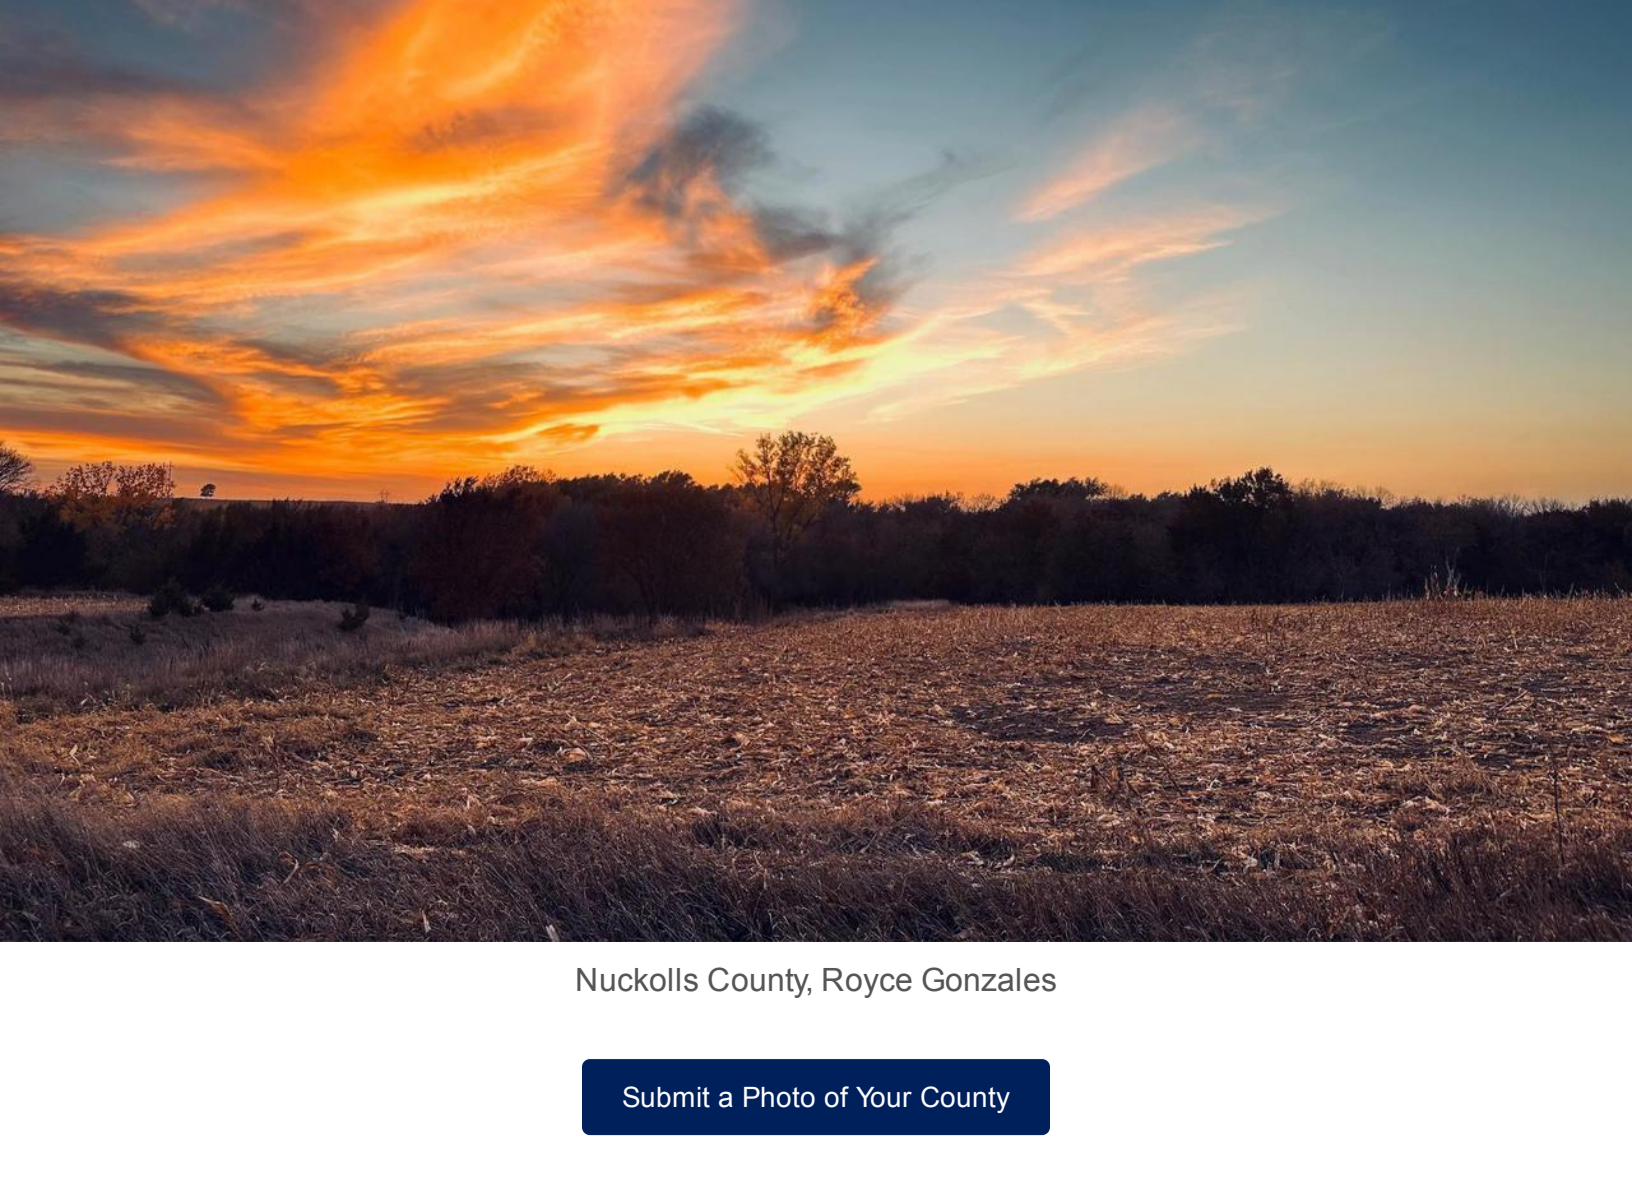

**Step 4:** If the dot is gray (not green), click "Location Challenge" and follow instructions.

Questions? Contact [psc.broadbandworkinggroup@nebraska.gov](mailto:psc.broadbandworkinggroup@nebraska.gov)

## Your County, Through the Lens

Every issue of the Ninety-Three will feature a photograph submitted by one of our readers of their county.

Nuckolls County, Royce Gonzales
