2025 NACO Scholarship Application Available Now

The NACO scholarship application is available now. The scholarship program is open to graduating seniors whose parent, step-parent, or grandparent is a current county official or employee. To be considered, students must complete the required application form, submit a seven-semester transcript from an accredited Nebraska high school and prepare a written essay on the importance of county government.

Scholarship recipients must plan to attend a post-secondary educational institution within the state of Nebraska and may use the scholarship for any costs associated with their continuing education.

Application deadline: March 15, 2025

Congratulations to NACo Leadership Academy Graduates

We congratulate the December graduates of the National Association of Counties (NACo) Leadership Academy from Nebraska. Joining a distinguished network of over 10,000 alumni, these leaders have successfully completed the 12-week online program. This program equips current and emerging county leaders with the knowledge and skills to excel and better serve their communities.

- Binod Tripathee, Client Relationship Manager, Douglas County
- Cody Learned, Technical Support Services Supervisor, Douglas County
- Deanna Hughes, Client Experience Manager, Douglas County
- Debora Faga, Administrative Assistant Supervisor, Douglas County
- Jacque McQuillan, Service Management Manager, Douglas County
- Jessica Turner, Policy Coordinator, Douglas County
- Jessica Woodard, Compliance Officer, Douglas County

Elevate your leadership in 2025!

Invest in your team's future by developing their leadership potential. Our dynamic program empowers your workforce to become effective leaders, both today and tomorrow. Cohorts begin in January, April, August, and September.

[Click Here to Learn More and Enroll](#)

Developed by General Colin Powell, the Professional Development Academy and NACo, the High Performance Leadership Academy is an online 12-week program that helps your workforce develop fundamental, practical leadership skills to deliver results for counties and our residents.

Cyber Security Key Point January: Artificial Intelligence

What to Know About ARTIFICIAL INTELLIGENCE

AI is lauded for enhancing efficiency, customer service, cost savings, threat detection, fraud detection, risk assessment, investment management, regulatory compliance, etc. However, it's important to be conscientious of best practices.

Understand Privacy Settings

On AI platforms, take the time to review what data is collected and how it's used. Then adjust privacy settings to your comfort level.

Don't Overshare

Keep in mind that what you share could be stored or used to improve AI responses, so never enter personal, proprietary, or sensitive information. However, paid AI services generally offer better data privacy than free services, so do your homework on how user data is collected, stored, and used with every option.

Distinguish the Official from the Artificial

At present, certain markers and indicators can help us recognize AI-generated content (whether that be text/email, audio, video, etc.), but as it continually advances, it may become more difficult to distinguish AI from reality. That means phishing emails, calls, and other scams could become harder and harder to spot. Stay aware and think critically.

Think Critically

Remember that these systems can make mistakes. AI can provide accurate information, but don't blindly trust. Fact-check, cross-reference with credible sources, and engage your mind before accepting AI-generated outputs as fact.

Stay Informed

Stay abreast of the latest advancements and developments in AI in order to better understand its capabilities, limitations, and potential risks. This will empower you to make informed and responsible choices.
