Nebraska Association of County Officials Enhances Support for County Employees & Communities with Trusted Medicare Resources

LINCOLN – The Nebraska Association of County Officials (NACO) is committed to supporting county employees and the communities they serve by providing trusted, accessible resources for those navigating the Medicare process. Through our partnership with Pro Insurance Resources, NACO helps provide comprehensive support to simplify the Medicare transition.

The trusted team of licensed insurance agents – each representing the [five NACO districts](#) – delivers professional, trustworthy, and personalized assistance to county employees and their communities.

“Medicare can be a complex and stressful process. We understand that resources are limited in rural Nebraska, which is why this partnership is a wonderful opportunity for all we serve,” said NACO Deputy Director Candace Meredith. “By providing access to qualified and compassionate professionals, we’re ensuring individuals get the support they need to make informed decisions.”

If you are nearing retirement, are aware of a community member considering Medicare options, or have a family member seeking support, contact your NACO District agent to schedule a consultation.
